Confidential Peer Advisory Groups

For 60+ years, Vistage has been bringing together successful CEOs, owners and executives into private advisory groups. Members come from a wide range of industries and backgrounds. Members are dedicated to helping each other improve the performance and outcomes of their businesses. They value life-long learning and growth. When a dozen high performing executives from non-competing industries gather together, the potential is enormous. Whether you are dealing with an operational, financial, legal, or even a personal decision, your Vistage group is a confidential forum of wisdom, advice, and counsel to help you solve problems and seize opportunities with clarity and confidence.

Monthly Meetings

Vistage meetings set a foundation for learning, and working through issues and opportunities with other like-minded leaders providing access to making better decisions on what matters to you most. We talk candidly about the tough decisions we face, fellow members will rally around you, listen, ask tough questions, and bring every resource they have to help you succeed. By engaging in issue processing, members help other members think through the dynamics of a challenge, push beyond their assumptions, uncover the real issues, and develop effective, and often innovative, solutions. The process is critical to assist members in understanding and evaluating options before making decisions and taking action.

Mentoring/Coaching

Leveraging my extensive business experience, as well as my psychological and legal training, I serve as facilitator and mentor/coach. I stimulate thinking, frame issues, guide discussions, and ensure accountability. Each month, In addition to the group meeting, members of the CEO groups have 1-to-1 meetings to address your most important needs and opportunities. I am available virtually 24/7 to help you maintain balance in today's rapidly changing business environment, and prepare you for a fulfilling, elongated life, to 100+!
